LIMA, OHIO, THURSDAY, SEPTEMBER 5, 1895.

PRICE THREE CENTS

LABOR UNIONS

Holding an International Conference at Cardiff.

AMERICAN DEL'GATES HEARTILY RECEIVED.

Prospect of Very Important Results From the Present Meeting.

Samuel Gompers Believes that British and American Labor Bodies Will Compare Favorably with National Legislative Bodies.

CARDIFF, Sept. 4.—An enthusiastic reception was today given to Samuel Gompers and P. J. McGuire, who represent the American Federation of Labor in the Trades Union Congress. An enormous crowd of people were present and the appearance of the American delegates was the signal for a tremendous outburst of enthusiastic applause. In his address delivered in response to the repeated calls for him Gompers said that he believed the British Trades Union Congress and the American Federation of Labor would compare very favorably with British Parliament or American Congress.

BUSINESS INCREASING.

The Mexican Government Orders New Equipments for their Railway.

MEXICO CITY, Sept. 5.—The Mexican Government has ordered ten locomotives and a large number of passenger and box cars to meet the rapidly increasing travel on the Tehuantepec National railway. The increase in traffic on that system within the past few months has been phenomenal.

THE CHINESE MASSACRE.

Inquiries Into Causes and Consequences Progressing Satisfactorily.

SHANGHAI, Sept. 5.—The inquiry into the causes which led up to the Ku Chang massacre and the consequences of it are progressing to the satisfaction of the American and British Consuls. There has been some very damaging evidence given,

which has resulted in a number of important observations, and which will follow. Among these countries are a number of the ringleaders of the riot.

BLUE AND GRAY.

Commander Lawlor of the G. A. R. Invited to Attend the Atlanta Exposition on Blue and Gray Day.

ROCKFORD, ILL., Sept. 5.—Commander-in-Chief Lawlor today received an invitation for the G. A. R. to attend the exercises at the Atlanta Exposition on Blue and Gray Day.

The invitation was received too late to issue formal orders, but Commander Lawlor wishes the members of all G. A. R. posts in the nation to know that they were invited to participate in the exercises, and to meet the men who wore the gray in the stormy years from 1861 to 1865.

FRATER'S INSURANCE.

Premiums Paid to His Estate Have Been Attached in the Hands of Executors.

ROTON, N. M., Sept. 5.—George Home, who swore that Dr. Fraher was drowned, and now in jail at Springfield on a charge of perjury, reiterates his statement that he saw Fraher disappear beneath the water and he believed him drowned. He says his party searched for him all night in the firm belief that he was drowned.

CONTRABAND BRANDY.

Costs the Spilling of Some Tennessee Blood.

NASHVILLE, TENN., Sept. 5.—A serious melee occurred last night at Tracey City, near here, in which two men were shot, one fatally. Deputy United States marshal J. M. Hall had halted a wagon which he believed contained contraband spirits. The wagon contained Jay Roddy, James Wooden and another man whose name was unknown, who all opened fire upon Marshall Hall. He returned the fire and severely wounded two men, while the other took to the woods and escaped. Wooden is fatally injured.

Ladies, if you want pure, delicate soap for the complexion, druggists will always recommend Johnson's Oriental Medicated Toilet Soap.

NEW YORK, Sept. 5.—H. A. Park has the woodworker has assigned for the benefit of his creditors Assets, \$1,000. Liabilities about \$1,000.

CHOLERA SPREADING.

A Large Number of New Cases and Many Deaths.

VANCOUVER, B. C., Sept. 5.—The steamer Empress of China brings advices that on August 21st there were 27 fresh cases of cholera in Japan. The same day saw the deaths from the same epidemic. The case is also spreading in Korea and Vladivostok, but of a mild type at the latter place.

ADVANCED WAGES.

More Good Effects From the Democratic Tariff Law.

AMSTERDAM, N. Y., Sept. 5.—The American Hiram and Brush Company, having a large number of factories, has advanced the price of its products. Other manufacturers in the Mohawk valley contemplate a similar advance. Another act of the manufacturers was advance in the price of brooms from 12 1/2 to 50 cents per dozen.

HORRIBLE ACCIDENT.

Two Men Killed and a Number of Others Injured.

SPRINGFIELD, ILL., Sept. 5.—A horrible accident occurred at the state fair grounds yesterday. A crowd of people gathered at the fair grounds, which is now being erected, collapsed and fell in, having several men beneath its ruins. Charles Hobbs of Lincoln and James Parke of this city, both plumbers, who were at work on the ground floor, were killed. They were covered with several tons of brick and mortar. The injured are: Fred Bard, a carpenter, badly mangled; N. Williamson, a carpenter, both ankles broken.

John Oetard, a carpenter, large gash cut in his head, will probably recover.

Charles Howell, water carrier, both legs and both arms broken, but not injured by mortar and fearfully lacerated, will die.

Another building was tower was braced, but whether this caused the accident is not known. It is the general opinion that the hard rain loosened the mortar which had not time to dry, work having been rushed on the building in order to have it completed in time for the fair, and this caused the accident.

James Clancy, a laborer, fell from the roof into a mortar bed, striking one head but escaped with a few bruises. All the impressed men had been gotten out by 9 o'clock last night. Several were unimpaired.

LORD SALISBURY'S REPLY.

To the Sublime Porte on Proposed Reforms in Armenia.

CONSTANTINOPLE, Sept. 5.—It is officially announced here that Lord Salisbury, Turkish ambassador to England, has telegraphed to the foreign minister that he has had an interview relative to the Armenian trouble with Lord Salisbury, whom he has assured that the sublime Porte is not opposed to the reforms proposed by the powers, but that Turkey could not prevent control of Armenia by an international commission. Lord Salisbury replied that under the circumstances it would be useless to continue the interview. If, he said, the Porte persists in its refusal, the powers will undertake the suggested reforms and rest satisfied. However, the Porte expressed its desire, Lord Salisbury added, it would be a signal for the dismemberment of Turkey.

The dispatch has caused the greatest uneasiness.

A Prediction From Missouri.

More eastern Democrats than David B. Hill may favor a western man for president in 1900, say some.

St. Louis Post Dispatch.

OVERCOME BY GAS.

Five Men Gassed to Their Death at Providence.

THE ACCIDENT A PECULIAR ONE.

Of Six Men Engaged in Repairing a Broken Valve Only One Escaped Police Quickly on the Spot Withstanding Attempts of the Workmen, but Their Efforts are Unavailing.

PROVIDENCE, Sept. 5.—Five employees of the Providence Gas Company went to their deaths in the cellar of the West-Heid street gas holder yesterday afternoon, asphyxiation by gas being the cause.

The accident was a peculiar one. For several days looking gas had been detected in the hold and the company sent six men and a furnace to repair the leak, which proved to come from a defective valve connecting the 4 inch main which supplies the West-Heid street holder with gas from the main holder on Globe street. The men had just returned from their dinner, and going down the wooden stairs which led from the entrance of the holder to the cellar, began to work on the broken valve.

The gas company sent a man to the cellar to look for the leak, and the holder with gas from the main holder on Globe street. The men had just returned from their dinner, and going down the wooden stairs which led from the entrance of the holder to the cellar, began to work on the broken valve.

OHIO WOOL GROWERS MEET.

And Pass Such Resolutions as They Think Would Benefit Them.

COLUMBUS, O., Sept. 5.—The Ohio Wool Growers' association met today at the state fair grounds, and after addresses by Judge Lawrence, President Canfield, General Charles H. Grosvenor and others, the committee on resolutions presented the following, which were adopted without discussion.

Resolved, That from wool has proven a serious and appalling mistake in the United States, containing a large loss upon the wool of not less than \$10,000,000. It has lowered the price of wool from \$10.00 to \$8.00 per pound, and has reduced the price of wool to \$10.00 per pound.

Resolved, That the highest interests of the country demand at the hands of the forty-fourth congress early in the forthcoming session the correction of this mistake. No supposed party or political cause of advantage will justify in postponing this manifest duty.

Resolved, That the farmers, uniting with labor and manufacturing interests generally, should demand fair and adequate protective duties not only upon wool but upon other agricultural products, as well as the manufacturer's tariff, which would come into competition with foreign products.

Resolved, That the shipping out of wool among so-called raw materials for export to the United States, while the most important ones are carried and protected, is an unfair and unjust trade, involving far greater evils than party party and party disunion, and should be repealed at the polls and elsewhere in every proper way.

Resolved, In view of the fact that many of the great newspapers of the country, even as the wool growers and other farmers to legislative bodies, are now inviting their congressional and the farmers of Ohio are urged to put their names on equal justice demand free wool and cotton goods.

A resolution was also adopted demanding that the legislature provide for the establishment of a department of textile fabrics at Ohio State university for the purpose of encouraging the manufacture of textile fabrics in Ohio and thus provide a home market for Ohio wool.

THE "LATE DR. FRAKER"

Will Go Into Court to Meet the Charges Against Him.

KANSAS CITY, Sept. 5.—After a night and day spent in the county jail, Dr. George W. Fraker was taken to Richmond, Mo., on the 5 o'clock train yesterday evening. In the city Fraker will finally be brought into court to meet the charges made against him.

Dr. Fraker, when asked if it did not look queer to him to be in the county jail as a murderer without receiving any outside source, said: "When I went on that fishing excursion I was preparing to take a trip to California to bring back my nephew. I had collected some extra-tending dollars and had \$54 in my pockets when I fell in the river."

Mrs. Adeline Randall has added a peculiar twist to the case by declaring that a person who visited her rooms in Kansas City, and who asked to have some supplies, had moved from his face was none other than the doctor traveling in the guise of a woman. Her description of her would-be patient, who she says is 3 ft. without wearing the fraudulent talles, exactly with that of the doctor. Mrs. Randall, suspicious of the sex of the person, was on the point of calling for the police, when the patient left. Nor until his arrest, she says, did she realize that he might be Fraker.

It will be remembered that at the inquest held at his residence that Dr. Fraker changed his sex at stated period an instance remarkable in history. Fraker now centers to a great extent in Fraker's young Minnesota companion and many believe the detective made a mistake in letting him go.

State Senator A. L. Lyman has been returned to defend Fraker.

International Cricket Match.

TORONTO, Sept. 5.—The Americans made 207 runs yesterday in their second inning in the cricket match between the United States and Canada. Canada won the match by 148 runs.

Drunk Man Struck to Death.

EVANSTON, ILL., Sept. 5.—While drunk Leonard Baker assaulted two unknown men and was stabbed to death. The men escaped.

TALES OF THE TOWN.

Mrs. E. Deike, an aged lady living
on west Wayne street, is very ill.

Mrs. Della Ashly, of St. John's ave-
nue, who has been at the hospital in
Cincinnati for some time, is slowly
recovering.

Probate Judge Robb was engaged
this morning in hearing the evidence
in the divorce suit of Emma Davis vs.
Wm. Davis. The hearing was not
concluded.

FELL SENSELESS

In the Street Suffering from an At-
tack of Paralysis.

John Haller, a Farmer, Taken to the
Meyers Hospital in an Unconscious
and Dangerous Condition.

About 10:30 o'clock this morning
John Haller, an aged man who owns,
and until recently lived on a farm
two miles south of McGuffey, Hardin
county, was stricken with paralysis
at the corner of Kibby and Metcalf
streets.

Day before yesterday Haller
brought a wagon of potatoes and
onions to the city and was peddling
them on the streets. His present
residence is on south Elizabeth
street, but last night he
remained at the home of his son,
A. B. Haller, on the Shawnee road.
This morning he seemed in his usual
good health, but when at the corner
of the streets named he was seen to
reel and fall unconscious in the
street. Ed. L. Gray, who happened
to be in that part of the city at the
time, summoned Dr. Terwilliger and
notified Chief Haller. When the for-
mer arrived he found the man suffer-
ing greatly, his entire right side be-
ing paralyzed.

With the assistance of Chief Hal-
ler, Dr. Terwilliger removed Mr.
Haller to the Meyers hospital, where
his identity was afterwards learned
and his wife summoned.

At 2:30 o'clock this afternoon the
patient was still unconscious and in a
dangerous condition.

When seen, Mrs. Haller stated that
her husband was 55 years of age and
had never been seriously ill before in
his life.

Telegrams were sent to relatives
living near McGuffey.

DIED FROM CONSUMPTION.

John Drew, a Well Known Citizen
Passed Away This Morning.

John Drew, aged 38 years, died at
his home, No. 300 Pearl st., at 2
o'clock this morning from consump-
tion. The deceased leaves a wife
and 4 children. The funeral services
will be conducted from the U. B.
church, by Rev. Imier at 10 o'clock
Saturday morning, and the remains
will be interred in the old cemetery.
He was a member of the J. O.
U. M., which organization will at-
tend in a body.

TO-MORROW

The Last Sad Rites Will Be Held
Over the Remains

Of the Late Ephraim Berryman—Ser-
vice to Be Held from Amanda Baptist
Church—Removals of the Agricul-
tural Board

The funeral services of County In-
firmity Director Ephraim Berryman,
deceased, will be held from the
Amanda Baptist church, 34 miles
east of Spencer, at 2 o'clock to-
morrow afternoon, the funeral to
leave the late residence of the de-
ceased at 1:30 o'clock standard time.
Mrs. Berryman and three of the
deceased's sons arrived here from
their home near Spencer yesterday
afternoon. A telegram had been
sent them yesterday morning
informing them of the fact that Mr.
Berryman was dangerously ill and
they started for here as soon as
possible. They feared the worst,
but hoped to arrive here at least in
time to bid the husband and father a
last farewell.

The remains were prepared for bur-
ial at Grosjean's undertaking estab-
lishment and about 6:30 o'clock last
evening were removed to the resi-
dence, accompanied by those of the
family who had come here during the
afternoon.

The funeral services will be con-
ducted by a Spencer minister, and
there will be a large attendance
from this city.

The Board of Directors of the Al-
len County Fair Association held a
meeting yesterday afternoon and
passed the following resolutions:

WHEREAS, A member of the board
of directors of the Allen County Ag-
ricultural Society has been suddenly
taken away, be it
Resolved, That in the death of
Ephraim Berryman, the Agricultural
Society of Allen county has lost a
valuable and active worker. Ap-
preciating his merits as a member of
the board of directors we extend our
heartfelt sympathy to those afflicted
by his death.

Resolved, That a copy of this mem-
orial be placed in our minutes and
furnished to the press for publication.
GEORGE HALL,
S. D. CHAIRS,
E. W. ENSLIN,
Committee.

STREET TALK.

An insurance official has furnished
a statement showing the amount of
money received in premiums and the
losses paid for fire in the state of
Ohio for four years, from 1891 to
1895. The premiums have been paid
amount to \$12,173,313. The official
states the losses and expenses at \$18-
243,135 which makes a net loss of
\$615,072. This statement should be
taken with some grains of allowance,
as it is made by an insurance official,
and insurance companies are always
ready to raise rates.

All the county officials in the court-
house will close at noon to-morrow
in respect of the deceased infirmity di-
rector, Ephraim Berryman, whose
funeral will occur in the afternoon.

The American Insurance Union
held its annual meeting at Columbus
yesterday. Among the attendees
was R. A. Hickey, of this city, who
was elected a member of the board of
national trustees.

Harry Nutt, of Sidney, and George
Dunham, of this city, have pur-
chased the confectionary business of
G. H. Thuring. Mr. Nutt is the son
of Captain W. A. Nutt of this city
and has had fourteen years experience

in the confectionary business with
Hickok at Sidney. The new firm in-
tends enlarging the place and mak-
ing a number of improvements in
order to accommodate a large trade
which they expect to build up.

Messrs. J. W. Van Dyke and D.
Bell of this city, were at the Audi-
torium, Chicago, yesterday, on their
way west, where they will put in a
few weeks hunting. Revenue Col-
lector Geo. Hull, of Toledo, was to
join them to-day.

Mr. A. H. Nungester, of Lima, O.,
is in the city. He is building a fine
residence on Machen street, near Col-
lingwood ave.—Toledo Blade.

Carl Tirrell is home from Colum-
bus where he attended a meeting of
the Ohio Bill Poster's Association
yesterday. The meeting was a spec-
ial one and was called for the purpose
of fixing a rate of admission of the
smaller towns throughout the State.
The association desires to extend
its organization to all the towns
throughout the state.

FIVE HUNDRED

More School Children in Lima This
Year Than Last.

Additional Rooms May Have To Be
Built.—The Board of Education Meet-
ing.

The Board of Education met in
regular session last evening with
president Jones in the chair and all
members present except Mr. Town-
send.

The minutes of last meeting were
read and approved.

Upon motion Mr. R. C. Eastman
was re-elected school examiner for a
term of three years.

The committee of grounds and
buildings reported that a new side-
walk was needed at the Grand ave.
building, but the members decided it
was the duty of the city council to
have a new walk built at the expense
of the city.

Mr. Galerneau was authorized to
purchase another carload of stone
dust to be used on the different school
grounds.

Mr. Galerneau reported that the
janitor at the south Elizabeth street
building asked that water pipes be
put in the building so he would not
have to carry water up the stairs
when he scrubbed. The matter was
laid on the table.

The committee on supplies was au-
thorized to purchase stationery for
use at the superintendent's office.

Mr. Prophet was authorized to pur-
chase an encyclopedia for the south
Elizabeth street building, and a Stan-
dard dictionary was ordered pur-
chased for the use of the high school.

Upon motion Mrs. Hallard and
Miss Christopher were re-elected
teachers.

The following changes were made
in the assignment of teachers:

Miss Lizzie Hamrick to succeed
Miss Maud Beck, resigned; Miss Druc-
illa Reilly to succeed Miss Ham-
rick; Miss Emma Bachler to succeed
Miss Reilly at the Reece ave.
building, and Miss Swan,
a supply teacher, was elected to
Miss Bachler's former place.

Miss Mary Stout was re-assigned
from D to C grammar and Miss Grace
Prophet assigned to D grammar at
the west building; Miss Blanche Tay-
ler to A and B primary at the west
building and Miss Heffner to C pri-
mary at the south Elizabeth street
building.

Mr. Prophet stated that according
to the last school census taken, there
would be 500 more school children
this year than last and that it would
probably be necessary to build ad-
ditional rooms.

Supt. Miller submitted a new
course of study for the high school in
which he suggested a transfer of gen-
eral history from the senior to the
junior year and the introduction of a
text book on civil government at the
beginning of the spring term.

The suggestion was approved.

The members of the board ar-
ranged to meet today and decide
whether or not they would hold a
special meeting before school opens
next Monday to make final arrange-
ments for receiving the in-
creased number of scholars. It is
probable however that the matter
will be left entirely to Supt. Miller,
at least until the next regular meet-
ing of the board.

Mr. Coughlin intends removing the
superintendent's headquarters from
the Donze block to the Holmes block
in the near future.

A new and modern building on the
grounds now occupied by the west
school building has been suggested
by one member of the board, but it
will hardly be advocated very strongly
by the board in general until next
year.

The old west building has been
considered both unsanitary and un-
safe for some time, and a new struc-
ture, with more room and many need-
ed conveniences, would be a vast im-
provement, by which the city and
schools would derive much benefit.
The location is an ideal one for a
modern structure, in which the head-
quarters of the superintendent and
board and a convenient hall for in-
stitutes could be located.

ENJOINED BY A MINISTER

From Investigating Sensational Charges
Against Him.

SPRINGFIELD, O., Sept. 5.—Rev. Dan-
iel R. Taylor, pastor of the Reform
church at Lawrenceville, seven miles
west of this city, was summoned to
the common pleas court against the Manu-
facturing Company of the Ohio synd to prevent that
body holding an investigation of charges
of a sensational character against him.
He is charged with unchristian and
unbusinesslike conduct in allowing the
woman to come to the court and pre-
sented by late hours of the night when he
was alone as a widow.

Fire in the Ohio Penitentiary.
COLUMBUS, O., Sept. 5.—Fire in the
Ohio penitentiary early Wednesday
morning destroyed the building occu-
pied by the Columbus Manufacturing
Company. The aggregate loss is about
\$50,000.

Signs of a Great Business Revival,

Are plainly to be seen. Anticipating this condition of affairs we have laid deep and broad foundations for the autumn trade, and are now prepared, perhaps, better than ever before to meet the requirements of customers. Our buying both in Foreign and Domestic goods have been most fortunate and we now invite inspection of our superb stock. Confident that it is, not surpassed, if indeed equaled in quality.

57 Public Square. Dry Goods, Dress Goods and Cloak House.

BIG CROWD.

The Fair Grounds Packed With Ad-
miring People.

The Superb Weather To-day Attracted
Several Thousand Persons—The Races
Began this Afternoon.

The managers of the County Fair
are greatly elated over the big crowd
in attendance to-day, and if the
weather of to-day is continued during
the dates of the fair the meeting will
be a success in every particular. This
morning there were several thousand
people on the grounds visiting the
different departments of interest and
admiring the fine displays.

The display of cattle was made
this morning and was one of the best
ever made on the grounds. Nearly
all the awards in the various depart-
ments had been made up to noon to-
day.

The races, which were to have
come off yesterday afternoon but
were postponed on account of the
rain, were to have taken place
this afternoon, in addition to
the regular programme
assigned for to-day and there was
another big crowd in attendance to
watch the sport. The 2:35 pace,
2:23 trot, one mile run and Mammoth
Clothing House novelty race were
the regular events for this afternoon.

Tomorrow afternoon the 2:40 trot,
2:25 pace and bicycle races, confined
to Allen county riders, will take
place.

THE CANNY SCOTCHMAN.

His Vices and His Virtues Compared With
Those of Other Folk.

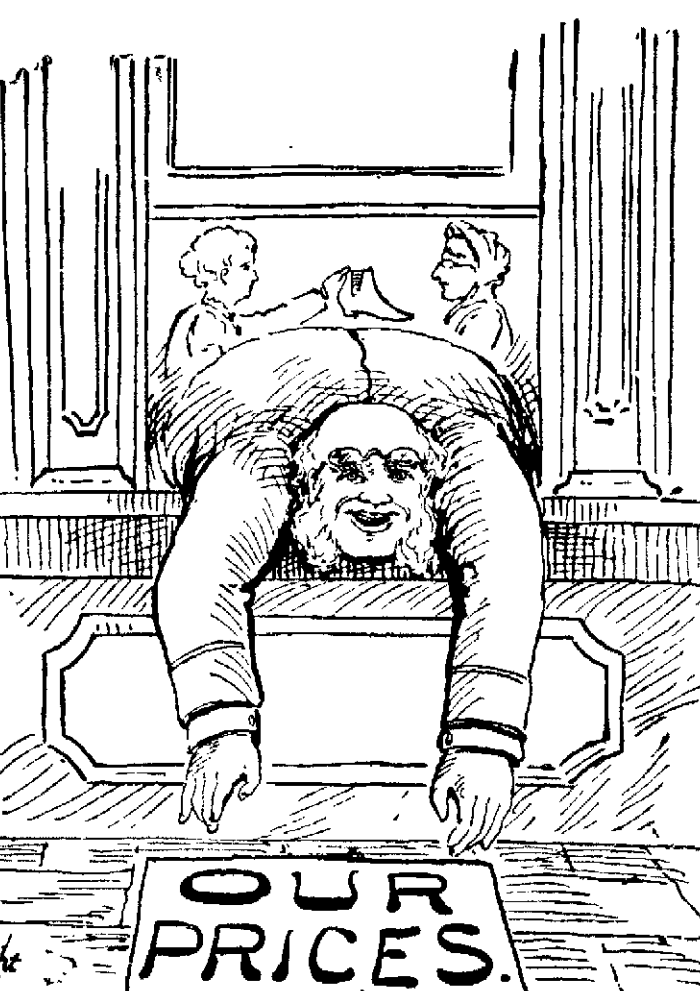

One is not quite sure that the relig-
iousity of the Scotch makes them so much
more virtuous than people who pay less
attention to "the meins of grace." But
while it cannot readily be proved that
they have more of the positive virtues
than their neighbors there is at least
some reason to believe that they are
freer from a few of the ugly vices which
their southern cousins all too often
have. The Scotch is bad he is very bad. When he
gives way to drink, for instance, he
runs to great lengths. But it will be
found that there is a less vice be-
hind (there being nothing in Scotland as
all resembling the frightful practice
of "clogging" known in Lancashire
towns), much less cruelty to children,
much more kindness and fellow feel-
ing among the Scotch people than
among the English, while at the same
time the Scotch are not nearly so chan-
celous as the Irish, the Jews or the Chi-
nese.

In his poem on "Nothing" Rochester
has classed "Scotch civility" with
"French truth" and "Hibernian learn-
ing" as being nonexistent. Even Walter
Scott causes Mr. Owen to speak of a
typical Scotchman as being "a man of
that cross-grained character, of the
Saltmarket," and as we are not told that
the term "Scot" as well as "Gael," de-
rived from a word for "wind," means
"the violent, stormy people?" In spite
of all this and much more to the same
end the Scotch, take him all in all, is not
fairly chargeable with being lacking in
courtesy. The word "country" (the op-
posite or positive of the "familiar"
"y"), signifying a combination of quiet
kindness and sweetness of manner, has
no English equivalent, and thus would
seem to indicate a peculiarly good
quality, which, it may be said, tends to
wane considerably with the growth of
commercialism, giving place to a brus-
queness peculiarly the outcome of the
"rush" of business, and which Carlyle
called the "pure cash nexus" between
man and man.

Scotch speech abounds in what may
be called pot words, which would seem
to testify that, whether the Scotch be
stormy and sharp tongued or not, they
can, upon occasion, be as intimately
smooth-tongued as the wily Italian him-
self.—Westminster Review.

want to save money, OUR SHOES WILL MEET YOUR
EVERY EXPECTATION, at

GOODING'S,
230 North Main Street.

The Average Woman.

Some one has suggested that a copy
of the statue of the "average woman"
recently exhibited in Boston should be
placed in every girl's school in this
country in the hope that it will serve
as a much needed object lesson. The
statue is the result of 5,000 measure-
ments taken by Dr. Sargent of Harvard
from young girls. The result is a figure
at least "50 per cent removed from a
perfect type," showing conclusively the
growing need of physical culture for
American women. The statue of the
"average man" obtained in the same
way is a much more nearly perfect
figure.
